Welcome to the MWIA 2013

Dear Friends and Colleagues,

It gives us tremendous pleasure to invite you to the 29th International Congress of the Medical Women's International Association which will be held in the beautiful and historic city of Seoul, Korea, from July 31 to August 3, 2013.

In this era of globalization, medical women are facing many new issues which transcend distance and cultures. Founded in 1919, the Medical Women's International Association (MWIA) is engaged in continuous efforts to address women's and children's health issues, to reduce gender discrimination in the medical field and to improve leadership for young medical women. These goals are partly accomplished through the MWIA's International Congresses and General Assemblies which are held in various locations around the world every 3 years.

The main theme of the MWIA Seoul 2013 is "Medical Women Advance Global Health". Scientific sessions will cover a variety of topics including Multicultural Society, Disaster/Environment & Health, Aging & Health, Women/Children & Health, Leadership, Medicine & Gender and others. Furthermore, medical topics pertaining to social, political and cultural issues will be discussed. Experts from many diverse backgrounds and countries will participate in the Congress.

We ask for your support and enthusiastic participation to help make the MWIA Seoul 2013 Congress a great success.

See you in Seoul, Korea in July, 2013.

Truly yours,

Bong Ok Kim
